

TRUST & GOVERNANCE

VOLUME I IN THE RUSSELL SAGE FOUNDATION SERIES ON TRUST

VALERIE BRAITHWAITE AND
MARGARET LEVI, EDITORS

TRUST & GOVERNANCE

VALERIE BRAITHWAITE AND MARGARET LEVI, EDITORS

"A significant contribution to the issue of trust in the state. The value of this book is that it presents a true dialogue, with all the major conflicting perspectives represented. It will certainly attract the attention of social scientists in a variety of disciplines who are working on some aspect of 'institutional theory.'"

—GARY MILLER, Professor of Political Science,
Washington University in St. Louis

"Interest in the issue of trust has grown substantially in recent years, so this is a timely book that should receive a lot of attention across the social sciences. A very important collection of well-crafted essays."

—ELINOR OSTROM, Codirector, Workshop in Political Theory
and Policy Analysis, Indiana University
